in his seminal work emotional intelligence daniel goleman suggests that the common view of human intelligence is far too narrow and that emotions play a much greater role in thought decision making and individual success than is commonly acknowledged the importance of emotion to human experience cannot be denied yet the relationship between law and emotion is one that has largely been ignored until recent years however the last two decades have seen a rapidly expanding interest among scholars of all disciplines into the way in which law and the emotions interact including the law s response to emotion and the extent to which emotions pervade the practice of the law in the emotional dynamics of law and legal discourse a group of leading scholars from both sides of the atlantic explore these issues across key areas of private law public law criminal justice and

dispute resolution illustrating how emotion infuses all areas of legal thought the collection argues for a more positive view of the role of emotion in the context of legal discourse and demonstrates ways in which the law could in the words of goleman become more emotionally intelligent

this is the first book to present a roadmap for tailoring acceptance and commitment therapy act to the serious complex challenges of anorexia nervosa an leading authorities describe interventions grounded in act core processes defusion acceptance attention to the present moment self awareness values and committed action guidance is provided for conducting functional assessments with adolescents and adults and working toward individualized treatment goals starting with weight restoration the book also discusses ways to engage parents and other family members in treatment it features therapist scripts sample dialogues case examples and reproducible forms and handouts the large size format facilitates photocopying purchasers also get access to a page where they can download and print the reproducible materials
